Matt,

Tom let me know that on the 18<sup>th</sup> and 19<sup>th</sup> he is available most any time. I am also available.

Please propose 3 or 4 possible dates/times and I will pass them on to LDF to see when they are able to attend.

Thanks.

Tom,

I think we're probably looking more at early next week (week of Jan 16-20), sorry for the confusion. Also, Monday (Jan 16) is a holiday for us, so that probably is out. How is the rest of that week for you?

Thanks,

Yes but I'd like to hear first from Tom Kady about his availability and then contact the others.

I'll get back to you early next week. Thanks for the information.

Enjoy the weekend.

Bob,

S2C2 should be ready for the web presentation by the end of next week. Do we want to start looking at calendars for availability the week of January 16-20?

Thanks,

Bob,

I know that S2C2 has started the work because we have exchanged some emails over the last couple days clarifying questions about the data that's going into the model. I will contact them right now to ask for an ETA for the web session being ready.

Thanks,
